Q1 What was the first song you heard from Kagerou Project?

>> "Mekakushi Code". I listened to it when it hadn't even reached 10 000 views yet, I remember thinking, 'this person is awesome, huh~ he's only uploaded two songs~' then several months later, Kagerou Days came and I was surprised

Q2 What is your favorite song from Kagerou Project?

>> "Souzou Forest". It really is my favorite. I feel that it has one of the best song titles among all of Jin-kun's songs. Being uploaded after Headphone Actor, the difference between the two songs is very fascinating

Q3 If you could have a character (1) from Kagerou Project as a sibling, who would it be?

>> 'Seto'. I have an elder sister who's much older than me and I often feel that I want a younger brother with not much of an age difference, but I think that if Seto is my elder brother, he'd play with me. Because Shintaro looks like he'd want to play hand-to-hand action games, I don't want him

Q4 Which character from Kagerou Project would you want to hang out with?

>> Because I like drinking sake, it'd be great if they can drink sake, but because that's impossible, I want to spend time leisurely at some quiet cafe with Mary
